In the small town of Bayview, a seemingly ordinary family is living a nightmare. One night, their teenage daughter, Sarah, disappears without a trace. As the police search for answers, Sarah's parents, David and Lisa, are left in a state of shock and disbelief.

As the days turn into weeks, David and Lisa become increasingly desperate. They hire a private investigator, but he turns up nothing. They even resort to seeking help from a psychic, but she too is unable to find Sarah.

With each passing day, David and Lisa's hope begins to dwindle. But then, one day, they receive a mysterious videotape in the mail. The tape shows Sarah, bound and gagged, being held captive in a dark room. The kidnapper demands a ransom of \$1 million, or Sarah will be killed.

David and Lisa are horrified. They don't have that kind of money. But they know they have to do everything they can to save their daughter. They sell their house, their cars, and everything they own. But it's still not enough.

As the deadline approaches, David and Lisa are at their wit's end. They don't know what to do. But then, they receive another videotape. This time,

Sarah is pleading for her life. She says the kidnapper is going to kill her if they don't pay the ransom.

David and Lisa are now faced with an impossible choice. They can either pay the ransom and risk Sarah's life, or they can refuse to pay and let her die. What will they do?

Unwatchable is a gripping tale of suspense and intrigue that will keep you on the edge of your seat from beginning to end. Nicholas Baer's latest novel is a must-read for fans of the genre.
